ALL SIMPLEX GARS ARE EQUIPPED WITH AN EFFICIENT SELF-STARTING DEVICE

Something Entirely New

W E will show a body of entirely new design for the first time at the Madison Square Garden Show, beginning January 6. It is a 7-passenger special touring body, equipped with foredoors and dash cowl, on one of our extra long wheelbase 50 H. P. Simplex chassis. The body is low, of graceful lines, and provides the comfort of a limeusine with the fresh air advantages of an open car. It is painted light Cobalt Blue, with black mud guards and moldings, the latter being split with a fine carmine line. The top is of imported English Burbank cloth of a new shade which we think will prove very popular. Extra chairs of new style are provided and there is no choice between them and the rear seat from the standpoint of comfort. This same style body can be furnished on the 137-inch wheelbase 38 H. P. shaft-drive chassis.

How to Find Simplex Exhibit After you drop your ticket in the chopper's box at the Madison Avenue Entrapce of the Garden enter the first door to the right.

SPECIAL SECTIONS

Motor car owners from all parts of the country are planning to spend a few days or weeks in New York city while the big January automobile shows are in progress. There they will see the latest developments in car designing and equipment. Business men display increased interest in the demonstration of the uses and economies of the motor truck, which will receive more attention than ever before. For those interested in the automobile the Herald will issue a special section in connection with each show, giving full descriptions and photographs of the latest models, as fol-
